

PERSONAL SKILLS INVENTORY

Skills Developed	Challenge	Action taken	Results	Self-reflection/ Key takeaway
Adaptability (e.g challenge faced in an internship; situation where you handled a lot of pressure; time you failed)	We struggled a lot during internship because for the first time we are experience in practical envirement.	What the assembled we performed the task with probable results.	We learnt something new.	Participation in multiple sectors.s
Analytical (e.g project where you had to perform detailed research and analysis)	The main aim of our projet is reduce crowd in billing system and also save customer time .	RFID based smart trolley for automatic billing system, Here we used arduino technology we implemented this challenge and also it is less cost compared to QR code(presently in all shopping all it is using).	Finally the project is implemented.	When i went to shopping mall there is long crowd in billing system so I came know to implement this project.
Communication (e.g convince someone of your idea, present complex information, get your point across)	I can explain the advantages of my idea and I can explain what can be done through it.	We can convey my idea to implement.	Idea is implemented.	Exploring the new idea.
Initiative (e.g stepped up to a challenge, identified a problem and took action to solve it, did something even though not your responsibility)	I will take the responsibilities and initialize the work.	I will make every one to make participate.	The challenge is accepted.	Motivating skills.

PERSONAL SKILLS INVENTORY

Skills Developed	Challenge	Action taken	Results	Self-reflection/ Key takeaway
Leadership (e.g coordinated several people to achieve a goal, led a group but not successful)	I treat every one equally.	I have a capability to make work with others.	By this leadership quality we can achieved.	I motivated myself.
Planning & Organization (e.g overcame a tight timeline, handled multiple responsibilities, manage your time and prioritize tasks)	We can make planning in orderly manner.	So that we can manage time appropriately without any stress.	We can overcome by stress full environment.	Planning process achieve results accurately.
Problem-solving skills (e.g talk about a problem/obstacles faced to reach a goal and how you solved it)	I have good ability to solve the problems.	I can view problem in a multiple prospective	We can solve problems.	Quick analysisation.
Teamwork (e.g when you worked on a team to achieve a goal; conflict faced when working on a team; working with a team member not cooperative)	Without teamwork we cant do anything.	So that will motivate our team member to complete any project at a given time.	Potentiality required.	Self motivation with positive attitude.
